LOAN. Mr. Jay Cooke, of Philadelphia, who for so long a time had the management of the pepular 500 million 5-20 Loan, has just been appointed by Secretary PRSSENDEN, the General Agent te dispose of the only popular Loan Tombs, Head-Stones, &c.

the "SEVEN-THIRTY." daily and hourly propounded to him, so that his fellow-countrymen may all understand what this "Seven-Thirty Loan" is-what are its pepuliar merits,-how they can subscribe for or obtain the notes, &c. 1se Quartos. Why is this Loan called

the "Seven-Thirty" Loan! ANSWER. It bears interest, in currency, at the rate of Seven Dollars and thirty cents, each year, on every hundred dollars; making the interest as follows:

One cent per day on each \$ 50 note. Two cents " Ten " 500 Twenty centag 1.000 4 5.000 ** One dollar "

2xp Question. When and how can they be obtained? Answes. They are for sale, at PAR, and accrued interest, by all Sub-Treasuries, National and other Banks, and all Bankers and Brokers.

3no Question. When is the interest paya ble and how can it be collected? ANSWER. The Coupons Interest Tickets are one deer south of Kirkbride's store. due 15th of February and 15th of August in each year, and san be cut off from the note, and will be cashed by any Sub-Treasurer, U. S. Depository, National or other Bank or 4TH QUESTION. When must the Government

pay off these 7-30s? Answer. They are due in two years and a half from the 15th of February, 1865; viz.: on the 15th of August 1867. 5TH QUESTION. Must I receive back my

money se soon as 1867? ANSWER. No! not unless you yourself prefer to do so—the Law gives you the right to Store Houses, Shops, &c., &c., against loss by demand from the Government, at that time either your money or an equal amount at par, of the famous and popular 5-20 Gold Bearing

6 per cent. Loan. 6rs Quescion. How much do you consider this privilege of conversion, into 5 20 Loan to be worth?

Answer. 5.20s bearing Gold Interest from lat of November, are to-day worth 9 per cent. per annum. If they are worth uo more at P. KOEHLER, Treas. the end of the two years and a half, when you have a right to them, than they sow are, this premium added to the interest you receive, will give you at least 10 per cent. per annum for your money-but the opinion is that they will be worth more than 9 per cent. premium at that time. 7TH QUESTION. What other advantage is

there in investing the 7-30 Loan? Answer. It cannot be taxed by States, Counties, or Cities, and this adds from one to three per cent. per annum to the net income of the holder, according to the rate of taxation in various localities. All bonds and stocks, except those of the United States, and all mortgages, &c., are taxed, not only by the Government, but by States, Counties and

raise the money to pay the interest, and is it safe and sure?

ANSWER. The Government collects, by taxes, internal revenue, and duties on imports, fully three hundred millions each year. This is nearly three times as much as is needed to pay the interest on all the debt, and as soon as the war is ended, the amount not needed to pay the interest will be used in paying off the debt. OUR GOVENMENT HAS TWICE PAID OFF ALL PIS DEST, and can easily do so again. The interest is sure to be paid promptly, and the debt itself is the very safest investment in the world. How Martin & Ijams, Caldwell, O. foolish those people are, who keep their gold and greenbacks idle and locked up, or pur-chase mortgages or railroad stocks and bonds, which pay only 5 or 6 per cent, interest, when these Seven-Thirties pay (counting the pre-miam on Pive-Twenties,) over ten per cent., and are so much safer and suer.

9rn Question. How many Seven Thirties are there, and how much remains unsold? Answen. There are only about three hundred and twenty five millions authorized by law, and only about one hundred and ninety millions remain unsold. 10rn Question. How long will it take you

to sell the balance? ANSWER. There are about \$00 National Banks all engaged in selling them; also a a large number of the old banks, and at least three thousand private bankers and brokers, and special agents will be engaged in all parts of the country in disposing of them to the Auction Sales-Tuesdays, Thursdays,

People. 11TH QUESTION. How long will it take to sell the whole? Answer. In less than three months they will be all sold, and will no doubt then sell at a premium. as was the case with the old Seven Thirties, the first Twenty-Year Loan, and

the Five-Twenties. The above questions and answers, it is be-lieved, will give fuli information to all. If not, the General Subscription Agent, or any of the Banks or Bankers employed to sell the Loan, will be glad to answer all questions, and to furnish the Seven-Thirties in small or large sums (as the notes are issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000) and to render it easy for all to subscribethus fulfilling the instructions of Mr. FESSEN-DEN, who earnestly desires that the people of 5, of range 5; beginning for the same on the the whele land, (as well as the capitalists,) direction of south 671 degrees east, 6 perches,
